by pressing the screen. In this game, you are now a train driver who travels around the world to bring food to your passengers. You need to keep your passengers happy and safe. The more passengers who get off the train, the more food you get. You are the only employee at the train depot and must fill up the train as much as you can. The train you drive consists of a locomotive, a passenger car, and a food car. Each passenger car is bigger than the previous one. Sometimes, the train car gets stuck. You can shift to the next passenger car to proceed. By tapping the screen, you can move the car. When the screen is pressed and dragged, you can move the car. A passenger can do the same if you press the passenger car button. When the train 82157476af
